BIO

Alessandro "Sandro Bani", born in 1988, first started his career as a DJ in 2005, when he was only 16. Passion for dance music rose in 2001, listening to the first radio shows that broadcast the latest hits, but the real love for the nightlife arose during the **summer 2004** spent among the famous clubs of the Italian Riviera.

His music includes everything that comes and leads to the **house music**: from **progressive house** to **tech-house** with shades of **electro music**, which are able to distinguish his **dj-sets** and to conquer the not only the Italian dancefloors but also the European ones thank to the present partnerships.

Ever since his earliest youth, **Sandro Bani** started Djing in the most famous clubs in his hometown first and little by little in Milan and northern Italy too. He started then performing in most of the prestigious clubs in **Milan** like: **Hollywood, Luminal, DeSade, Cost, Beach Solair, Shocking, I-Club, Club Modà, Molto, Noir e Bamboo.**

2010 marked a turning point. **Sandro Bani** made his way into the studio. In just two years he realised a series of releases and important collabs, he released two tracks and three remixes. The most important that got huge feedback and received support from top international artists is the remix for **INNA - WOW** (official remix released by **Ultra Music, Spinnin' Records, Roton Music** and **Do It Yourself**).

Furthermore, **Sandro Bani** came up with his friend and school mate **Davide Svezza**: "I Can't Wait", "I Can't Stop" (remake of the famous track "This Feeling" by **Sandy**

Rivera), "SPANK!" (a revision of the single by **Jimmy Bo Horne**), the single "Magalenha" and a new release "Tonight".

After several releases and important collaborations, in 2013 **Sandro Bani** joined the artistic team of **ScuolaZoo Viaggi**. He soon becomes one of the main figures of the season, first in **Corfù (Greece)** and then **Pag (Croatia)**. Thanks to his high artistic value, he was reconfirmed for the **Summer season 2014** and 2015 and had the opportunity to perform in world-famous clubs like **PAPAYA** in Pag and **TOP HILL** in **Budva**.

During the **Winter Season 2014-2015** **Sandro Bani** is the resident DJ of the **Club 747** in **Milan**, where he worked with artists like **Nari & Milani** and **DJ Sneak**.

Sandro Bani's career is growing even more and shows great promise. During the **Summer Season 2015**, he keeps the crowd on the dance floors of some of the most important European Clubs, both thanks to his collaboration with **ScuolaZoo Viaggi** and to his excitement translates to the audience. The upcoming Season starts with the remix for **DJ Sava** and his track "Bailando", exclusively licensed by the Romanian Label **Cat Music** and licensed in **Italy** by **Do it Yourself**.

At the end of **August 2015** **Sandro Bani** contributed to "Twiga Selection", the compilation of the amazing nights of **Flavio Briatore's Twiga Clubs** which is distributed by **SONY Music** and released by the Label **Do It Yourself**. The compilation is charted at #1 on the iTunes Chart Dance. At the beginning of **September 2015** **Sandro Bani** releases in collaboration with the record label **Do It Yourself** the new EP "Music Sounds Better With You" (a remake of the original track influenced by the nu-disco genre that

became famous all over the world thanks to the **Stardust** project). The EP features also a **Stefano Pain's progressive house remix**.

His first production of **2016** is long waited until may 20th, when "Life" is released on **Glitter**, a Label owned by **Do It Yourself**, with an updated sounds inspired by the evolution of house music, never took for granted and with all the due respect: **Barbara Tucker, Su Su Bobien, Dawn Tallman, Sabrynaah Pope e Michelle Weeks**.

After spending **summer 2016** at **Zrce Beach in Pag**, **Sandro Bani** is confirmed **Resident DJ** at **Sio Café** for the upcoming winter season.

Gigs are continuously growing, both in quality and numbers, and beside this partnership, he works at **St. Trop** and **Beach Club** for new year's eve weekend in **Lloret De Mar** and at **The Room in Barcelona**.

In 2017 he's back in studio to remix the single of **DRAGONETTE "Lonely Heart" [DO IT YOURSELF, BLANCO Y NEGRO]**, from the album **Royal Blues** and the one of **LEXA HILL "Get Up Get Down Get Funky Get Loose" [d.vision records]**.

Three summers spent at **Zrce Beach** put him enough in the spotlight to worth him room in the line-up of the well recognized croatian festival **Zrce Spring Break Europe 2017**; four days of parties on the island of **NOA, KALYPSO, AQUARIUS e PAPAYA** (all of them featured in the famous **TOP 100 CLUB** by DJ **MAG**).

Summer 2017 has him back as one of the main DJ of the artistic staff of **ScuolaZoo Viaggi**: **54 DREAMY NIGHT** and **Loco Club in Corfù**, **beside DISCO TROPICS, St. Trop, ZOO CLUB, Beach Club, DISCO PRIVÉ, Revolution Disco** and **SANDDANCE** in **Lloret De Mar** are just few of the clubs having **Sandro Bani** as a main feature of the European club scene.
